TOY STORY

*When people aren't around, toys are alive.
But you already know that.*

THE STORY

Set in a world where toys have a life of their own when people are not present, "Toy Story" takes moviegoers on a fantastic fun-filled journey, viewed mostly through the eyes of two rival toys -- Woody (voice of Tom Hanks), a pull-string talking cowboy and Buzz Lightyear (voice of Tim Allen), a superhero space action-figure. The comically-mismatched duo eventually learn to put aside their differences when circumstances separate them from their owner Andy and they find themselves on a hilarious adventure-filled mission where the only way they can survive is to form an uneasy alliance. New toy characters (like Woody and Buzz) are joined by such well-known classic favorites as Mr. Potato Head and Slinky Dog in the all-star toy cast featured in the film.
