- 2 x 6 min endless audio tapes. (sermon)
- 12 x Walkman Batteries.
- Avaldite glue (sermon)

The equipment with : (sermon) next to it indicates that I shall bring this with me.

Setting up installation

The installation will take about five hours to set up. This includes installing software and mounting letters to wall.

I can start work on the installation when I arrive on Monday 9 Sept. It would help if the space is prepared before I arrive.
